

Planet Verseline

(Composição original de João Damas da Costa no âmbito de um trabalho para a aula de CLIL em que deveriam inventar um planeta)

Letra:

*Everything is fine
On the planet Verseline.
Everything looks great
On the planet that we made.*

*The planet is a cube
But they don't have YouTube.
They speak like you and I
But they don't have Spotify.*

*The planet is number 9
In our galaxy.
It is far from the Sun
But closer to you and me.*
